

Painting with Acrylics

By Mary Beth Thorngren

In this course Mary Beth will take you on a painting adventure she has designed specifically for the adult artist.

Eager students who yearn to explore the different applications of acrylics. Those applications include fluid acrylics and the exciting effects created by combining them with various mixed media such as gels and collage using a variety of texturing materials and tools.

Different painting styles will be explored according to subject matter ranging from still life to landscape and photo references as well as non-representational compositions
